

2019-20 Chromebook Damage Protection Plan Options

Lumberton School District

In accordance with Policy 5513: Care of School Property, students are responsible for the proper care of school property and the school supplies and equipment entrusted to his/her use. Students and parents will be responsible for district-owned technology property that is issued to them, just as they are for other district-owned items such as text books, calculators, athletic equipment, or library books. The Lumberton Township Public Schools recognizes that there is a need to protect the investment by both the district and the student/parent. If the device is damaged, the district will repair or replace it, but students/parents will be responsible for the cost of those repairs or replaced devices.

However, the liability on families/students can be reduced significantly by taking part in the district's Chromebook Protection Plan program. For **\$30** (non-refundable) per year, per device, the Chromebook Protection Plan program will repair or replace the device **one (1) time with no deductible**. After that, the deductible is \$30 per occurrence. This Protection Plan program covers accidental damage. It does NOT cover loss, theft, damage by flood/fire/intentional destruction. The district strongly recommends purchasing our Chromebook protection plan. ***The cost of insurance will be \$15 if your child enrolls on or after February 1, 2020***

Choosing to enroll in the district's Chromebook Protection Plan is optional. You may elect to pay for damages out of pocket. Parents/guardians who select to pay out of pocket for damages are responsible for loss, theft, and all damages not covered by the manufacturer's warranty. Typical repair and replacement costs are listed below.
